

II International Boraginales Meeting

Nees-Institut für Biodiversität der Pflanzen, University of Bonn
Meckenheimer Allee 170, D-53115 Bonn, Germany
7—8 May 2015

Boraginales working group (<http://boraginales.myspecies.info/>)

After our successful meeting in 2014 we want to continue the coordinated efforts. The aim of the Second International Boraginales meeting is to coordinate research efforts, develop new and strengthen existing collaborations, increase the exchange of material and information.

Major Topics

Taxonomy – Systematics – Biogeography – Ecology – Phytochemistry

Venue

The Nees-Institut für Biodiversität der Pflanzen is located in the district of Poppelsdorf in Bonn, next to the Botanical Garden of the University of Bonn and the Poppelsdorf palace. The working sessions will be held at the Nees-Institute, lunch will be served in the Botanical Gardens, free access and a guided tour to the Botanical Gardens are provided.

List of participants and E-mail addresses

Rıza Binzet, Mersin University, Turkey, rbinzet@gmail.com
Lorenzo Cecchi, University of Florence, Italy, tasmaceto@gmail.com
Juliana Chacón, University of Bonn, Germany, jchaconp@uni-bonn.de
Michael W. Frohlich, Royal Botanic Gardens Kew, UK, M.Frohlich@kew.org
Marc Gottschling, LMU Munich, Germany, gottschling@biologie.uni-muenchen.de
Matt Guiliams, UC Berkeley and Santa Barbara Botanic Garden, USA, matt.guilliams@gmail.com
Kristen Hasenstab, Rancho Santa Ana Botanic Garden, USA, khasenstab@rsabg.org
Hartmut H. Hilger, FU Berlin, Germany, hartmut.hilger@fu-berlin.de
Julius Jeiter, University of Bonn, Germany, jjeiter@uni-bonn.de
Shahrokh Kazempour Osaloo, Tarbiat Modares University, Iran, skosaloo@modares.ac.ir
Myriam Khoshokhan, Islamic Azad University, Iran, m.khoshm@gmail.com
Federico Luebert, University of Bonn, Germany, fluebert@uni-bonn.de
Moritz Mittelbach, University of Bochum, Germany, moritz.mittelbach@rub.de
Ana Otero, Real Jardín Botánico Madrid, Spain, anaoterogomez@gmail.com
Massoud Ranjbar, Bu-Ali Sina University, Iran, ranjbar@basu.ac.ir
Federico Selvi, University of Florence, Italy, federico.selvi@unifi.it
Rajendra Shinde, St. Xavier's College, Mumbai, India, rajendra.shinde@xaviers.edu
Karel Sutory, Moravian Museum, Czech Republic, ksutory@mzm.cz
Genevieve K. Walden, UC Berkeley, USA, gkwalden@gmail.com
Maximilian Weigend, University of Bonn, Germany, mweigend@uni-bonn.de

II International Boraginales Meeting

Nees-Institut für Biodiversität der Pflanzen, University of Bonn

Programme

Thursday, 7 May 2015: Participants' presentations

9:00-9:15	M. Weigend: Introductory presentation
9:15-9:30	M. Gottschling: Phylogenetics of Ehretiaceae
9:35-9:50	K. Hasenstab: Systematics of <i>Varronia</i> (Cordiaceae)
9:55-10:10	G.K. Walden: Update to systematics of the hydrophylls
10:15-10:30	J. Chacón: New insights into the phylogeny of Boraginaceae s.str. with an emphasis on the placement of some enigmatic genera
10:30-11:00	Coffee break
11:00-11:15	S. Kazempour Osaloo: Molecular phylogeny of Boraginoideae in Iran
11:20-11:35	R. Binzet: The genus <i>Onosma</i> in Turkey
11:40-11:55	M. Ranjbar: Systematics, taxonomy and nomenclature of the genera <i>Onosma</i> and <i>Paracaryum</i>
12:00-12:15	A. Otero: Fruit evolution in Cynoglosseae, phylogeography and speciation drivers of <i>Omphalodes</i> s.l., and conservation biology of <i>Gyrocarium</i>
12:20-14:00	Lunch
14:00-14:15	M. Khoshshokhan: Molecular phylogeny of <i>Lappula</i> and its allies in Iran
14:20-14:35	H.H. Hilger: Taxa and names in <i>Cynoglossum</i> sensu lato (Boraginaceae, Cynoglosseae)
14:40-14:55	F. Selvi and L. Cecchi: Work on the Boraginaceae at Firenze: progress 2014-2015
15:00-15:15	M. Weigend: Subfamilial classification of the Boraginaceae s.str.
15:20-16:00	Coffee break
16:00-16:15	M. Mittelbach: An overview of floral rewards and pollen:ovule ratios across Boraginaceae
16:20-16:35	M. Guiliams: Diversification and amphitropical biogeography of the popcorn flowers (<i>Plagiobothrys</i>, Amsinckiinae)
16:40-16:55	F. Luebert: Historical biogeography of Boraginales
19:00	Informal evening meeting

Friday, 8 May 2015: Discussion sessions

9:00-10:30	Further challenges in Boraginales research
10:30-11:00	Coffee break
11:00-12:30	Major gaps in the systematics of Boraginaceae
12:30-14:00	Lunch
14:00-15:00	Guided Tour Botanical Gardens of Bonn University
14:00-15:30	Ecology and Biogeography of Boraginaceae s.str.
15:30-16:00	Coffee break
16:00-17:00	Wrap-up session
